

FERRARI TOUR LATVIA

16.7 - 23.7.2023

#LIVEYOURFERRARIPASSION

The Latvian Republic is a nation of the Baltic states overlooking west of the Baltic Sea and bordering on Estonia, Lithuania, Russia and Belarus. The main sightseeing spot is the capital Riga, whose historic centre is a world heritage site. There are many other interesting places, both urban and rural, like the city of Liepaja with its beautiful beach and the former military secret headquarters of Karosta, Kuldiga with the largest waterfall in Europe and Cesis with its ruins of medieval castle. The pristine Latvian coast has a 500 km long wild beauty, mainly consisting of white-sand beaches. Forests cover about half the country territory, host several parks and nature trails and are full of wild fauna. There are also a lot of small lakes of glacial origin all over (more than 3000), peat bogs and wetlands, especially in south-east Latgale. You can find valleys dug by rivers with tracts characterised by cliffs of sand on their shores.

Our event promotes the cultural exchange between Italy and Latvia, through meetings with Ferrari fans from the two countries and aims to combine driving emotions with the discovery, sometimes for the very first time in a Ferrari, of the wonderful landscapes of the Latvian summer. The goal of the event is the creation of photographs and a professional video which will be given to the participants and which will constitute an excellent marketing tool for Ferrari clubs and a splendid memory for the Red crews.
